What are Pre-Arrivals?

Pre-Arrivals are our Bordeaux wine collection aging in perfect conditions in our parent company's cellar in Bordeaux, France. Millesima USA is a branch of Millesima SA, the 5th largest buyer of Bordeaux classified growths since 1983 and serves over 92,000 private customers around the world.

By opening our Bordeaux cellar to the public, we offer unparalleled access to a library of **2.5 million bottles of wine** representing all the most sought-after vintages and formats of Bordeaux's finest.

As Millesima SA sources wines directly from each property, these bottles have spent their lives in only two cellars, those of the producing Châteaux and Millesima SA. Given that these wines will be traveling by boat from Bordeaux, delivery can take **from 3 to 6 months.** We sell Pre-Arrivals in their **original case by 6 or 12 bottle pack** according to the estate, for single bottles please inquire.

In-Store Bordeaux Selection

We have an extensive selection of Bordeaux wine **from half-bottles to Melchior**s in our **Manhattan store.** Wines labeled as **"NY Store"** in the catalog are **available for immediate delivery/shipping** by the bottle or the case.

Pontet-Canet is a very old property that uses traditional farming methods alongside very modern techniques and has been converted into organic and biodynamic agriculture since 2010. "Forget everything, erase your bad habits to reconnect with nature..."

Pontet-Canet was one of Bordeaux's greatest successes in 2010. A great wine that will create excitement.

BORDEAUX

The city “au bord de l’eau”, French for along the water, became famous for its wines when exportation began with the opening of the English wine market in 1152. In 1855, at the request of the Emperor Napoleon III, the best wines of the Left Bank of Bordeaux were classified by a panel of judges before being put on display for the World Exposition. This classification was by far the most ambitious ranking ever done of an agricultural product. The classification stands today and the Chateaux that were classified are still among the best in Bordeaux. However, many estates were not included in the 1855 Classification

despite their production of excellent wines. Today these wines are often identified as Bordeaux, Bordeaux Superieur or even by their designation.

Located on the 45th Parallel, Bordeaux is blessed with temperate winters and long, warm summers that are ideal for growing grapes. Additionally, Bordeaux is home to two rivers that have a special influence on grape growing, the Garonne and Dordogne, that eventually merge to form the Gironde estuary. Vineyards located close to rivers tend to have sufficient warmth even in times of cold weather and humidity. Bordeaux

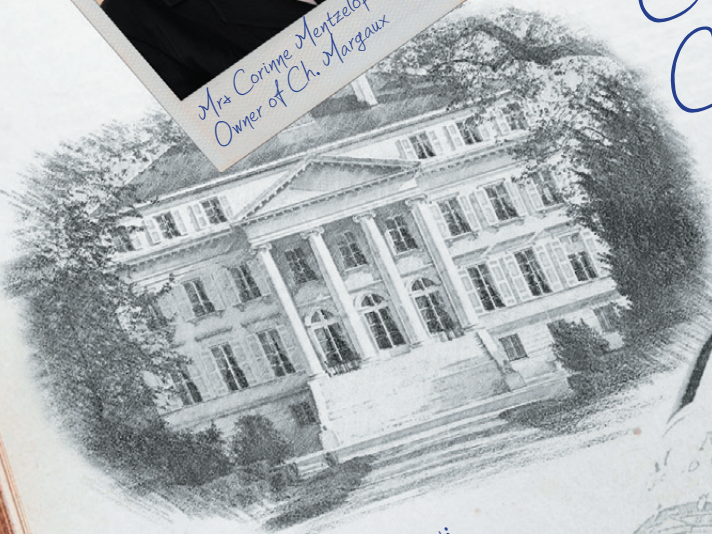

boasts an abundance of different soils and climates and the rivers are also a factor in why Bordeaux is home to so many different wine styles. For example, the growth of noble rot - which enables winemakers to make the great sweet wines of Sauternes and Barsac - are a result of the proximity of the rivers.

Red wines from Bordeaux are made from a blend of grape varieties including Cabernet Sauvignon, Merlot, Cabernet Franc, Petit Verdot, and in some instances Malbec. White wines are traditionally made from a blend of Semillon and Sauvignon Blanc.

"Chateau Margaux doesn't belong to us;
we belong to it."

1996 vintage
It's rare that a wine is so impressive and moving at
the same time, even when young, with the purity of
its fruit, the depth of its texture and its balanced
flavours... A dream Margaux.

Mr. Arnaud de Laforcade
Sales Manager of Ch. Cheval Blanc

The only effort required for the 2010 vintage was to accept that nothing needed to be done... A dry and fresh vintage that produced itself: dense, complex, concentrated and singularly elegant. We did our best to not spoil it and allowed it to express itself fully in this bottle. A wine that our children's children will still enjoy.

"The most authentic Pomerol of Saint-Emilion wines, faithful to the quest for purity in a blend of house style and illustration of a vintage."

Bordeaux

"Developing over the vintages, Château Beychevelle wines are constantly surpassing their cellar masters and oenologists, exemplifying the elegance, distinction and finesse of the great terroirs of Saint-Julien."

The Château Beychevelle 2010 vintage combines marvelous elegance and intensity, which will allow it to express this emotion to lovers of great wines for many years to come. The mouth is generous with notes of black fruits, liquorice, spices and a wonderful length supported by fine, smooth tannins.

"Attachment to a family history, commitment to excellence and an exceptional terroir, as well as a desire to pass it on to future generations."

The distinctive feature of the 2005 vintage is the fact that all the balances have been pulled upwards: more sweetness, more colour, more acidity, more aroma, more tannin...

CHATEAU
LA GAFFELIERE

Mr. A. de Malet Roquefort,
Co-owner of Ch. La Gaffeliere

"Gaffeliere wine is an alchemy created from the knowledge of our terroirs and our grape varieties for over 10 generations. If we had to define its style, it would undoubtedly be the perfect balance."

2009 is one of the best Gaffeliere of all time. This vintage displays a fascinating elegance, incredible intensity and wonderful opulence. The aromas of kirsch, liquorice, blackberry and blackcurrant dominate the flavours of this flamboyant Saint-Emilion wine, rich, full and fabulously pure.

CRU CLASSÉ DU MEDOC EN 1855

Mr. Hervé Berland
Manager of Ch. Montrose

Château Montrose

"We strive for excellence in all areas through the precision of our daily work. We strive to produce complex and balanced wines, originating from a terroir for which we have a deep respect and of which we endeavour to reveal the best. Our history is a strength, but we always keep an eye on the future and innovation."

"Stylish and elegant, Château Montrose 2010 combines intensity, smoothness and aromatic complexity in perfect harmony. This vintage has benefited from our consistent and high quality single-block vineyard allowing us to mature the 4 grape varieties that contribute to the balance of its composition. A great Montrose that seduces connoisseurs with its signature flavour."

Imperial Library

Magnum. Double-Magnum. Jeroboam. Imperial. Balthazar. Nebuchadnezzar. Named after Biblical kings, there are over ten different bottle sizes in popular use around the world today. As they are expensive to produce and often contain the best wine of each vintage, few large format bottles are produced. In addition, large format bottles have a smaller ratio of air to wine exposure, allowing the wines to slowly develop over time, often leading to greater subtlety and nuance. Milleima has been collecting large format bottles since our inception. In our ancient cellar in the heart of Bordeaux lies our impressive Imperial Library comprising over 12,000 large format bottles.

Mrs Nancy Bignon-Cordier
Owner of Ch. Talbot

"I'm pleased with the work we do at Talbot today, it's a responsibility and a privilege that I want to pass on to my children who are the future guardians of Talbot."

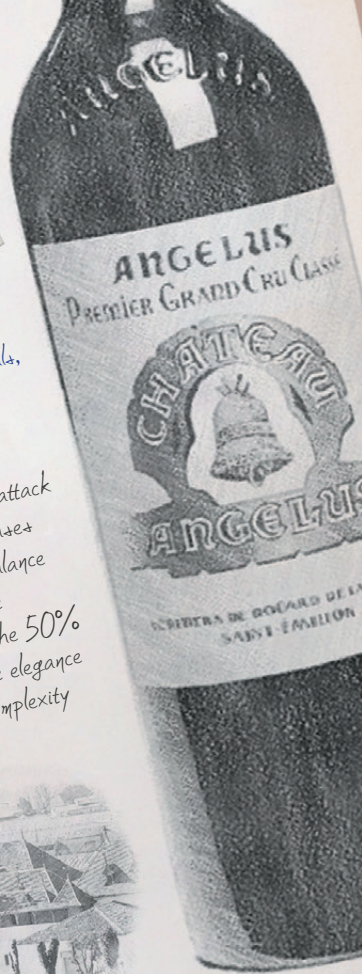

In a vintage as diverse as 2014, the great terroirs have demonstrated their ability to compensate for climate fluctuations and their ability to give the wine a distinctive taste that makes it a great wine.

Mr Thierry Grenié de Boiard
Mrs Stéphanie de Boiard-Rivoal
CEOs of Ch. Angelus

"A great wine is a terroir and man simply reveals, sublimates and passes it on..."

The nose is very pure and elegant. The attack is precise, the structure gradually increases in intensity, reaching a very refined balance between the magnificent quality of the tannins, body, tone and freshness. The 50% Cabernet-Franc blend enhances the elegance of the tannic structure and adds complexity and depth to the finish.

"Understanding our terroir, and finding the right balance between the work of the winegrower and nature, guide us day after day to create each vintage to perfection."

Mrs Caroline Frey,
Owner of Ch. La Lagune

Everything about tasting Château La Lagune 2014 is in perfect harmony. This wine exudes quiet intensity, combining strength and smoothness. Its dense and velvety structure, and its freshness make it elegant and understated. The incredibly pure burst of aroma creates an extraordinary moment of pleasure that lingers over time.

Mr Jean-Charles Cazes,
Co-owner and General Manager

"Château Lynch-Bages wine is one of the great Pauillac wines. Composed mainly of Cabernet Sauvignon, it combines structure and finesse, elegance and length. It is also known for its opulence. Full-bodied even when young, it becomes more flavourful and complex as it ages. Lynch-Bages wines are characterised by their extraordinary consistency of quality. Powerful, sophisticated and generous, they combine distinction with the hedonistic character that drives their personality."

With a deep colour, aromatic nose and mouthfeel, the wine is rich and creamy, perfectly coated with silky tannins. A wonderful balance sets this vintage apart, characterised by power, freshness and elegance.

"At the Château d'Yquem, I discovered a unique terroir where botrytized grapes miraculously turn into gold."

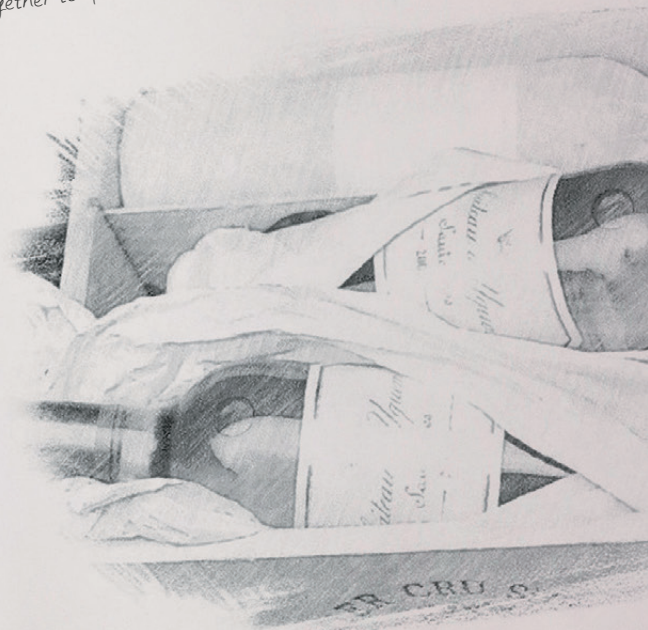

Mr. Pierre Lurton
CEO of Ch. d'Yquem

Château d'Yquem

2009
A vintage with unparalleled weather conditions right up to the last day of the harvest, on 19 October: perfectly ripe sun-drenched berries, very rich in sugar, well-timed botrytisation in the sun and rain... The rhythm of 1989, the opulence of 1990, the intensity of the 2003 harvest, the concentration of 2001 and the memory of 1893 all come together to make this vintage a great success.

The 2012 Le Corton Grand Cru comes from 2.4 hectares of vine on chalky soils. It has a very attractive bouquet with abundant red cherry and wild strawberry scents that are very well-defined. The palate is medium-bodied with fine tannins, velvety smooth in the mouth with pure redcurrant and strawberry fruit. The oak is a little conspicuous at the moment (around 35% new) but it is very well assimilated on the finish. This is a well-crafted Corton.

"Our motto: there are no rules!
We bring out the purest expression of each terroir."

BURGUNDY

Burgundy, known as Bourgogne in France, is one of the most important and highly sought-after wine regions in the world. Burgundy's rich viticulture history dates back to at least the 2nd Century, when Cistercian Monks began to first notice the distinct aromatic differences produced by each vineyard - or differences in each terroir. It was their observation that would serve as the basis for the modern organization of Burgundy vineyards, which includes nearly 100 distinct appellations. Unlike Bordeaux, Burgundy classifications are focused on geography, not estate. The most prestigious ranking is Grand Cru, followed by Premier Cru, Villages and Vin de Bourgogne.

The majority of Burgundy's grape crop is placed on large holdings by independent wine merchants, or negociants, who produce wine with these grapes under their own names.

The Côte d'Or, the most famous and expensive of Burgundy's regions, containing both the Côte de Beaune and the Côte de Nuits, produces some of the world's best Pinot Noirs and Chardonnays. The Côte de Beaune, with its famous AOCs of Puligny-Montrachet, Meursault, and Corton-Charlemagne, is the home of 7 of Burgundy's 8 white Grand Cru vineyards and is responsible for the production of extraordinary Chardonnays. The

Côte de Nuits, with 22 out of 23 of the region's red Grand Crus vineyards, including the world-renowned Vosne-Romanée, is the heart of Pinot Noir territory. Chablis, despite being in the world's most famous Chardonnay region, is still underestimated.

Embracing the rich history and diversity of Burgundy, Millesima is pleased to present this collection of Burgundy wines, ranging from Grand Crus to Villages, from celebrated negociants and acclaimed small producers.

All Burgundy wines are available in our NYC Store.

"A family vineyard combining tradition and modernity."

Our Marsannay 2015 has an intense and shining colour. On the nose, notes of red berries and black fruits, such as blackberry and cherry appear. The mouth is round and the tannins are silky. Aromas of undergrowth blend with black currant. A gourmet and fresh wine.

Champagne

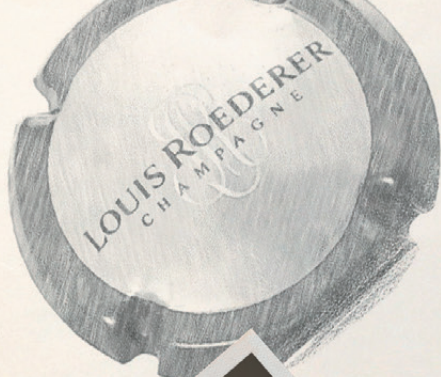

KRUG CHAMPAGNE

When he founded Maison Krug in 1843, Joseph Krug wanted to offer his customers the most expressive statement of Champagne each year, regardless of the vagaries of the weather. His Champagne n°1, which he describes as the most expressive statement of Champagne, has become Krug Grande Cuvée. The n°2, now known as Millésime Krug, is created "based on the circumstances of the year".

Krug 2002
"From the very first tastings, we saw the generosity of nature in each plot," explains Eric Lebel, head of Caves Krug, about the year's potential. "The idea kept coming back to us that it was an anthem of fruit, an ode to nature."

Mr. Eric Lebel
Cellar Master of Krug

Mr. Frederic Rouzaud,
CEO of Louis Roederer

"Everything must change so that nothing changes."

Cristal 2009
This is the peak of Cristal, a superb balance, a sparkling evanescence, both elegant and harmonious in the mouth.

CHAMPAGNE

The world's most celebrated sparkling wine, produced only in the Champagne region of France, is defined by its unique combination of subtly nuanced force, balance and fruit. Romans were responsible for planting the first vine in the cool northeast corner of France around the 5th century. Champagne classically honors the Maison, or Champagne "House", rather than the region. Producers can choose to label their wines as "Grand Cru" or "Premier Cru", if they feel the grapes come from the region's highest-rated and finest vineyards.

Champagne is produced using the famed "méthode traditionnelle". This method of production, while used in other countries to produce sparkling wine, was developed exclusively in the Champagne region and

involves double fermentation in the bottle. Vintage Champagne, a bottle designated by year, is only produced during the best of harvests and under ideal conditions. Rare and refined, these Champagnes are the best of the best and are enhanced by extended aging on the lees, which provides greater depth of freshness, and the famed "brioche" notes. Typically a blend of Chardonnay, Pinot Noir and Pinot Meunier, Champagne is also produced in special cuvees – or blends – such as Blanc de Noirs, made with only red grapes, and Blanc de Blancs, only with white grapes. Champagne terroir is particularly important in the vigneron's production method. For example, Chardonnay grown in the Cote des Blancs will generally be crisply acidic and intensely chalky. The

same grape grown across the river in Vallée de la Marne will produce a wine that's broader in feel and fuller. Enjoying Champagne with food is highly pleasurable yet commonly overlooked. Even though Champagne is often drunk as an aperitif, it pairs beautifully at the table due to its vibrant acidity, low alcohol and unrelenting vitality.

Celebrating the rich history of Champagne and bringing the traditional drink of royalty to you, Millesima is pleased to present this excellent collection of Fine Champagnes. From boutique, "grower style" producers to major players, Millesima's collection is sure to have the perfect bottle for all of your celebratory moments.

All Champagne wines are available in our NYC Store.

Mrs Gaia Gaja
Owner of Gaja

Gaia Gaja is the fifth generation to own and manage the famous Gaja House in Barbaresco and the second generation to run the family vineyards, with Ca' Marcanda in Bolgheri and Pieve Santa Restituta in Montalcino. The family is also beginning a new partnership on Etna in Sicily. Madame Gaia Gaja is involved in all aspects of the family business and travels frequently as an ambassador for her brand. Building on their reputation as pioneers in Italy, over the past 15 years the Gajas have been particularly focused on mitigating the effects of climate change in their vineyards in Piedmont and Tuscany.

ITALY

The art of "cultivating the vine" in Italy dates to before the Etruscan Era, yet the Romans were responsible for the proliferation of vineyards. They generously spread cultivation of the famous grape vines across their vast empire with the help of their military occupation of other lands. Today Italy is still a major player in the world of fine wine. Over the centuries the Italian wine-making industry faced significant challenges – from world wars to trade barriers – and the country's prestigious viticultural efforts began to decline in some regions. However, today Italy is once again known for its fabulous, elegant and collectable fine and rare wines.

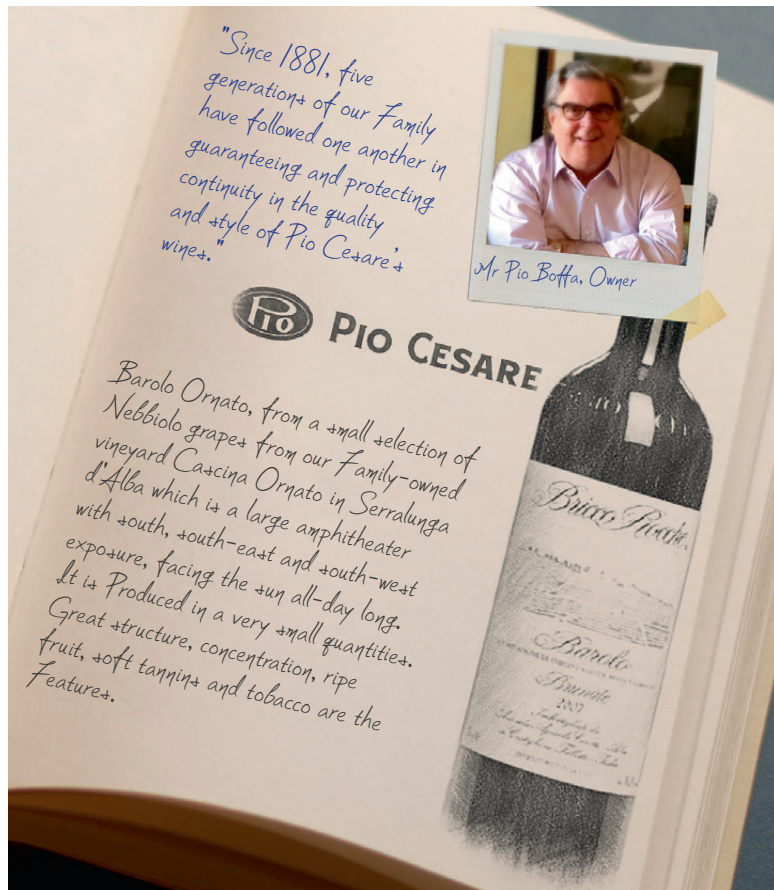

Italy is one of the largest wine producing countries in the world. With vineyards covering the length and width of the country, Italy has some of the richest variety of styles, distinctive terroirs and indigenous grape varieties in the world. Its appellation system is based on the French structure and can be split into several classifications: DOCG, DOC, and IGP/IGT. Today, European standards have led to new denominations of the DOP and IGP classifications: DOCG and DOC are now DOP wines, while IGP and IGT are now IGP wines.

While wine is made all over Italy's twenty designated regions, Piedmont and Tuscany are the most well-known and produce some of the country's oldest and most famous wines, including Barolo and Barbaresco from Piedmont and Brunello di Montalcino, Vino Nobile di Montepulciano and Chianti from Tuscany. That being said, really distinctive regional gems and special wines can be found throughout the country, including Pinot Grigio from Alto Adige, Aglianico from Campania, Prosecco from Veneto, and Lambrusco from Emilia Romagna, among many others.

All Italian wines are available in our NYC Store.

PIEDMONT

Lined with the Alps and the Apennines, Piedmont produces great fine red wines made from local grape varieties and from extremely characteristic terroirs. One of their finest grape varieties, Nebbiolo, provides all its specificities to the two most famous wines of the region, Barbaresco and Barolo.

FATTORIA LE PUPILLE

ELISABETTA GEPPETTI

Mrs. Elisabetta Geppetti
and Clara Gentili, Owners

"I understood that I wanted to make wine at the age of 20, during one of the many harvests in the family estate. I have inherited my love for wine from my grandfather, but then a passion grows through its own channels. I wanted to make great wines and I wanted to do it here, in this beloved land. Then with time I felt that everyone, including myself, is the product of our land and since then I understood that wine is, and has to be, bonded with the history of the men who live here, it has to converse and grow with them. This land is my choice of life, as making wine has always been my profession."

OTHER FAMED REGIONS

Italy doesn't stop at Piedmont and Tuscany. This incredible wine making country has countless of regions known exclusively for mastering their individual varieties. From Le Marche to Sicily, Millesima has an extensive portfolio showcasing many of Italy's famed regions: from the "King of Abruzzo" Emidio Pepe's full-bodied, cherry-red hued Montepulciano, the beautiful blends from the volcanic soils of Mount Etna, or the world-renowned Giuseppe Quintarelli's Amarones, we've got Italy and you covered.

SOLAIA
Chianti Classico
Firenze

Antinori family

In many ways, Solaia is the wine of my dreams. Like the best French wines, it has a flavor that improves over the years, and an unmistakable personality. Drinking it is a pleasure, but also an intellectual exercise: It's a wine for true wine lovers. Its significance needs to be teased out and parsed a little. At Villa Antinori and Chianti Classico Badia a Passignano are Renaissance frescoes, Solaia is a work of contemporary art-conceptual. It plays off a classic foundation in surprising ways.

BORDEAUX 2016

One of the best vintages of the 21st century

Purchasing Futures is a way of securing the most highly-sought after Bordeaux wines and vintages while they are still in barrel, offering the customer the opportunity to invest in a particular wine before it is bottled and released on the market.

This year, the 2016 vintage is already considered as **one of the greatest vintages of the century** and is the third of a trilogy of Bordeaux vintages which will be discussed with interest for a very long time: 2014, 2015 and the exceptional 2016.

A genuine collection of fine wines

Millesima USA was established in 2006 with the mission to bring to the U.S. market the unparalleled selection and dedicated service that has established its parent company, Millésima S.A., as Europe's undisputed leader in the sale of fine wine futures and grand cru wine directly to consumers. Millesima USA offers a large selection of fine and rare wines at our storefront on Manhattan's Upper East Side, including the most sought-after French, Italian, and New World wines. We personally select each wine we sell for its quality and value and guarantee the highest quality standards for wine storage, shipment, and customer service. Millesima USA also specializes in the sale of wine futures with supply guaranteed through its parent company in Bordeaux. U.S. consumers are offered the same selection as in Europe, including 125 labels of Bordeaux's finest wine ranging in formats from half-bottles to imperials.

Quality and authenticity

We exercise great care in making our wine selections to ensure quality at all price levels. Wines which we offer for sale, whether they are \$15 or \$150 a bottle, are wines which we believe provide a high level of quality in terms of their price and denomination of origin. We will not offer wines that do not meet our high standards. As our parent company Millesima SA buys its wines directly from each property, our collection of Bordeaux have spent their lives in only two cellars, those of the producing Châteaux and Millesima SA before arriving to the United States.

An exceptional choice

We take pride in our product selections. Our list of Bordeaux is particularly extensive and covers Crus Classés and Crus Bourgeois from leading properties. We also have a range of wines from other parts of France as well as Italy, USA, Spain, Australia, and other countries, all of which have been selected with the same care as our Bordeaux portfolio. We have made a serious effort to find limited production wines not available from other merchants. All our wines are stored under temperature-controlled conditions as all fine wines should be.

Punctual and professional Delivery

At Millesima, we strive to deliver your wines as promptly as possible. You can expect to receive any wine available at our New York store at your indicated shipping address within one week, barring weather-related delays.

Our team, who regularly tastes the wines we offer, is available to answer any questions that you may have. Contact us by e-mail: info@millesima.com, or toll free 1-877-MILLUSA - Direct line: 212-639-9463. Millesima

A Family Story

Founder **Patrick Bernard** established Millesima in 1983 in Bordeaux and developed the company into Europe's leading fine wine mail order merchant thanks to his expertise and reliability. Millesima has also become the flagship of a family group created in 1928 by his grandfather, **Lucien Bernard**. In 2007, **Fabrice Bernard**, Patrick's son joined the company as marketing manager and today is Millesima's CEO. Utilizing his expertise for online marketing, business development as well as his enthusiasm for wine, Fabrice has helped lead Millesima to the forefront of online marketing and content in Europe. In 2006 Millesima SA established its American branch, Millesima USA in Manhattan's Upper East Side and in 2010 **Hortense Bernard**, daughter of Patrick, took the helm as General Manager. Eagerly sharing her family's philosophy and passion for Bordeaux, she is committed to providing the US a world wide selection of wines as well as unparalleled access to Bordeaux's legendary icons.

Working hand in hand, the Bernard's aim then, as it is now, was to bring some of the world's greatest wines directly from the Châteaux to wine lovers around the world. For over 30 years, generation after generation the family has poured all their passion into creating an extraordinary stock of more than 2,500,000 bottles ranging from half bottles to Nebuchadnezzar aging slowly in their mid-19th century cellars.
