# Rosé

A sight for sore eyes and a pleasure for all other senses, rosé wines offer a thrilling adventure through a vast array of colours and flavours. Blackcurrant, raspberry, silver, rosewood, salmon, coral or marble-pink... with its pretty complexion and constantly improving quality, rosé wine has rapidly become a drink of choice, alongside its red and white counterparts.

# Rosé Champagne

Rosé champagne is a wine with plenty of character, offering a structure more powerful than that of its white counterpart, and flavours of fresh, juicy red berries. The perfect choice for hosts, a chilled bottle will enhance any gourmet meal by adding a festive dash of colour to the table. Choose a rosé champagne to make any special moment even more memorable.

# 2018 Rosé Wine

Rosé is a festive wine. Foretelling the sunnier days of Spring and Summer, conviviality and lounging, it remains at first and above all a wine. Rosé is either produced by maceration, pressing or bleeding. Whether it is a Rosé to quench your thirst or to match the finest gastronomic meal, its aromas of strawberries, fruit drops, lychee, tangerine, morello cherry... are always appealing. Numerous chromatic nuances strong, such as raspberry, rosewood, pink marble, flesh, salmon and coral, this is the ideal wine to "voir la vie en rose".

# Premiers Crus Classés

The Left Bank Growths (Médoc, Graves and Sauternes) were listed in the famous 1855 classification, whereas those on the Right Bank, in Saint-Emilion, undergo a new classification every decade. Not only do the First Growths symbolize Bordeaux, they are an important part of France's reputation and renown around the world. The mere mention of their names can bring joy to ardent collectors and wine lovers alike!

The Premiers Crus Classés are available in restricted quantity.

# Sauternes & Barsac

The sweet white wines of Sauternes are made some 50 or so kilometres upstream from Bordeaux, between the left bank of the Garonne River and the Landes Forest.

This region includes several villages, from the world-famous Sauternes itself to lesser known communes such as Barsac, Bommes, Fargues and Preignac. Made from the classic white Bordeaux grape varieties (Semillon, Sauvignon and Muscadelle), these complex, rich, sweet wines owe their distinctive quality to late ripening and the presence of Botrytis Cinerea, also known as Noble Rot.

A high-angle, close-up photograph of four bottles of Burgundy wine. The bottles are arranged diagonally from the top left to the bottom right. The lighting is dramatic, coming from the upper left, creating long, dark shadows on the white surface. The bottles are dark glass, and the wine inside is a golden-amber color. The labels are white with black and gold text and crests. The first bottle on the left is partially cut off, showing a label with 'Chambertin' in cursive. The second bottle is 'Montrachet Grand Cru' by 'Premier Leflaive', featuring a gold crest. The third bottle is 'GAT-PY' by 'Bernard COMMARD', with 'La Levrière' written in cursive. The fourth bottle is 'Meursault Les Perrieres' by 'Vincent Girardin', dated 2016. The overall aesthetic is clean and sophisticated, emphasizing the elegance of the wine packaging.

# Burgundy

Burgundy is without a doubt one of the most celebrated viticultural regions in France, and indeed in the entire world. Here, Pinot Noir and Chardonnay achieve their most complex and finest expressions.

## Chablis

Located in the Auxerre region, halfway between Beaune and Paris, the production area of Chablis covers 5,400 hectares. Organized in hills and valleys bordered by woods, a single grape variety is cultivated in these vineyards: Chardonnay. Early maturing, it does best on these poor limestone soils. In Chablis, Chardonnay has found a very well-bred expression of minerality and iodine flavor, all well transcribed in wines: a characteristic signature due to small fossilized oysters from the Kimmeridgian Era.

# Alsace

Authenticity and typicity are the hallmarks of the best Alsace wines. Produced on exceptional terroirs, these wines are identified by grape variety, the best of which tend to be Riesling, Muscat, Gewurztraminer and Pinot Gris.

Alsace's finest white wines offer a real voyage of discovery for the palate:

- The late harvest or "vendanges tardives" wines, made with grapes that have reached a stage of overripeness or "surmaturité",
- The "Sélections de Grains Nobles", as their name suggests, are made from grapes that are harvested by hand, berry by berry, and which have been attacked by Noble Rot, Botrytis Cinerea.

# Loire Valley

The vineyards of the Loire Valley, the third largest French winegrowing region, are a study in balance: between North and South, suavity and freshness, tradition and modernity. Combined with a temperate climate and sumptuous terroirs, the wines of this region are lively and beautiful.

The Loire is known for its single varietal wines: Melon de Bourgogne in the Nantes region, Chenin Blanc, Cabernet Franc and Gamay in Anjou, Saumur, and Touraine, and Sauvignon Blanc and Pinot Noir in the Centre region.

# Rhône Valley

The typicity of wines from the Rhone Valley comes from the unique mix of soils, grape varieties, and the Mediterranean climate. 23 grape varieties are permitted in their production. The main varieties used are Syrah (predominant in the Northern Rhone) and Grenache (widely planted in the Southern Rhone), along with Mourvedre, Cinsault, and Carignan for red wine. Viognier and Marsanne dominate the white wines. Of course, whatever the varietal, Rhone wines always impress with their diversity and quality.

# Champagne

Good Champagne has to be one of the world's finest wines. Served cool (but not icy cold!) it expresses all its finesse, freshness, elegance and complexity, coming from grapes grown on steep slopes in very distinctive terroirs, in a relatively harsh climate for viticulture. Add to this Champagne's major grapes, Chardonnay, Pinot Noir and Pinot Meunier, the typicity of each Cru and the skill of the winemakers and you have a superb range of styles and flavours that has made Champagne's reputation for centuries.

# Italy

Italy, which ranks just before France in terms of overall wine production, is one of the rare countries where vineyards are equally spread from North to South. A great variety of soils gives birth to unique local varietals, including Nebbiolo and Sangiovese...

From Piedmont to Tuscany, through Lombardy and the Veneto, one finds wines of rare singularity across Italy.

# Piedmont

Surrounded by the Alps and the Apennines, Piedmont produces great red wines from local grape varieties and excellent terroirs. One of the finest grape varieties, Nebbiolo, provides the unique characteristics for two of the region's most celebrated wines, Barbaresco and Barolo.
