SOURCED DIRECTLY FROM THE PRODUCING ESTATES

CHAMPAGNE

Good Champagne has to be one of the world's finest wines. Served cool (but not icy cold!) it expresses all its finesse, freshness, elegance and complexity, coming from grapes grown on steep slopes in very distinctive terroirs, in a relatively harsh climate for viticulture. Add to this Champagne's major grapes, Chardonnay, Pinot Noir and Pinot Meunier, the typicity of each Cru and the skill of the winemakers and you have a superb range of styles and flavours that has made Champagne's reputation for centuries.

BORDEAUX

A globally-recognized symbol of viticulture, Bordeaux boasts a winemaking history that goes back to ancient times. Surrounding the city of Bordeaux (nicknamed “La Belle Endormie” or “Sleeping Beauty”) is the largest AOC wine region in the world. Bordeaux’s 60 appellations form a dazzling mosaic of terroirs with many different colors and unique expressions represented, yet all in harmony with Bordeaux’s core identity, defined by the art of blending, ageing and vintage variation.

PREMIERS CRUS CLASSÉS

20

The Left Bank Growths (Médoc, Graves and Sauternes) were listed in the famous 1855 classification, whereas those on the Right Bank, in Saint-Emilion, undergo a new classification every decade. Not only do the First Growths symbolize Bordeaux, they are an important part of France's reputation and renown around the world. The mere mention of their names can bring joy to ardent collectors and wine lovers alike!

The Premiers Crus Classés are available in restricted quantity.

SAUTERNES & BARSAC

24

The sweet white wines of Sauternes are made some 50 or so kilometres upstream from Bordeaux, between the left bank of the Garonne River and the Landes Forest.

This region includes several villages, from the world-famous Sauternes itself to lesser known communes such as Barsac, Bommes, Fargues and Preignac. Made from the classic white Bordeaux grape varieties (Semillon, Sauvignon and Muscadelle), these complex, rich, sweet wines owe their distinctive quality to late ripening and the presence of Botrytis Cinerea, also known as Noble Rot.

CHABLIS

Located in the Auxerre region, halfway between Beaune and Paris, the production area of Chablis covers 5,400 hectares. Home to hills and valleys bordered by woodland, a single grape variety is cultivated in these vineyards: Chardonnay. An early ripening grape, Chardonnay does well in these poor limestone soils. In Chablis, Chardonnay has found a nuanced expression of minerality and a certain salinity, which come through beautifully in the wines. These signature flavours are attributed to the small fossilised oysters in the soil, dating back to the Kimmeridgian Era.

ALSACE

Authenticity and typicity are the hallmarks of the best Alsace wines. Produced on exceptional terroirs, these wines are identified by grape variety, the best of which are Riesling, Muscat, Gewurztraminer and Pinot Gris.

Alsace's finest white wines offer a real voyage of discovery for the palate:

- The late harvest or "vendanges tardives" wines, made with grapes that have reached the stage of over ripeness or "surmaturité",
- The "Sélections de Grains Nobles", as their name suggests, are made from grapes that are harvested by hand, berry by berry, and which have been attacked by Noble Rot, *Botrytis Cinerea*.

LOIRE VALLEY

The vineyards of the Loire Valley, the third largest French winegrowing region, are a study in balance: between North and South, suavity and freshness, tradition and modernity. Combined with a temperate climate and sumptuous terroirs, the wines of this region are lively and beautiful.

The Loire is known for its single varietal wines: Melon de Bourgogne in the Nantes region, Chenin Blanc, Cabernet Franc and Gamay in Anjou, Saumur, and Touraine, and Sauvignon Blanc and Pinot Noir in the Centre region.

RHONE VALLEY

The typicity of wines from the Rhone Valley comes from the unique mix of soils, grape varieties, and the Mediterranean climate. 23 grape varieties are permitted in their production. The main varietals used are Syrah (predominant in the Northern Rhone) and Grenache (widely planted in the Southern Rhone), along with Mourvedre, Cinsault, and Carignan for red wine. Viognier and Marsanne dominate the white wines. Of course, whatever the varietal, Rhone wines always impress with their diversity and quality.

CHÂTEAUNEUF-DU-PAPE

A pioneer of the AOC system, Châteauneuf-du-Pape is an exciting appellation indeed. Its goblet-trained bush vines, wafting to the rhythm of the unpredictable Mistral Wind and enduring the often overwhelmingly strong rays of sun, emerge tortuously from sandy and clay-limestone soils, which are covered with “coudoulets,” the Provençal name for the rounded pebbles so emblematic of this appellation. The legendary Châteauneuf-du-Pape is also known for its 13 grape varieties, dominated by Grenache, which has found a true home in these noble terroirs. In red, this “wine of Popes” takes on various profiles, though always generous and gourmet, with intense aromas of red fruit and spices. Its remarkable cellaring potential allows it to evolve even more complex notes of leather and truffles, as it ages in bottle. Truly bewitching!

ITALY

Italy, which ranks just before France in terms of overall wine production, is one of the rare countries where vineyards are equally spread from North to South. A great variety of soils gives birth to unique local varietals, including Nebbiolo and Sangiovese...

From Piedmont to Tuscany, through Lombardy and the Veneto, one finds wines of rare singularity across Italy.

PIEDMONT

Surrounded by the Alps and the Apennines, Piedmont produces great red wines from local grape varieties and excellent terroirs. One of the finest grape varieties, Nebbiolo, provides the unique characteristics for two of the region's most celebrated wines, Barbaresco and Barolo.

AMARONE DELLA VALPOLICELLA

Amarone della Valpolicella is an iconic Italian wine. Its unique production method has been passed down through centuries, and it is one of the most prestigious red wines of the Veneto. The grapes are harvested late in the season, then air-dried on straw mats for two to three months before being vinified to full dryness, in order to achieve the optimal concentration without heaviness. Amarone is a powerful, velvety and complex wine with a powerful aromatic intensity and an excellent ageing potential.

SOUTHERN ITALY

An ancient wine region that once produced the best wines of the Roman Empire, southern Italy boasts a rich Greek and Roman legacy, which has significantly shaped the viticulture we see here today. This region is now returning to the forefront of the international scene with a wide and very unique range of wines. Situated between the mountains and the sea, the vineyards of southern Italy are home to an impressive myriad of indigenous grape varieties dating back to antiquity. With its diversity of soils, altitudes, exposures, grape varieties and cultivation methods, southern Italy today produces some of the most famous wines of the country. The region's meteoric rise in quality has catapulted many of its references to the peak of viticulture. These wines currently enjoy a glowing reputation around the world.

VINTAGE PORTS

The finest of all Ports. Whilst the other qualities of port age in barrels and are bottled when they are ready to drink, the vintage ones are aged in barrels for two years, and are then bottled. As with Bordeaux wines, they need a slow ageing period to reach their peak. If the vintage is particularly good, the ageing period needs to be longer.
